# PICTURE BOOKS

The class is supposed to work in pairs on their maths, but Adelaide misses out. She invents a bear to be her maths buddy and ends up being able to do maths all by herself. A book for children who never get picked to join groups in class, and for those who are scared of maths.

- Examples of simple maths
- Explains the basics of adding and subtracting
- Bright, original illustrations
- To be read to children, but with simple fonts they can try to decipher
