The Inquisitive Guide to the Human Body series is a fantastic introduction to the science behind human body systems for young kids. Hilarious, colorful illustrations and an engaging question and answer format makes this key subject fun and accessible for even the most reluctant readers. It's also packed with plenty of giggle-worthy gross bits, that kids love to read about! Stuff kids want to know, that need an answer... How does your body turn food into poop? Why do farts smell bad? Why do we need to pee, it's sometimes very inconvenient! It's a fresh take on a popular topic. With so many fun facts to uncover, science has never been more fun!

We're living in stressful times as result of the COVID-19 pandemic and other ongoing challenges. As a result, many people are abusing drugs and alcohol more frequently and/or engaging in other addictive behaviors to reduce stress and blunt the pain of the loss of loved ones, relationships, homes, or jobs. Each book in the Detoxing From series spotlights a major addiction; discusses its negative physical and mental effects, as well as the damage it causes to family members and other loved ones; and provides an overview of treatment options for the addiction.

Riley Reynolds loves crafting (and making messes), music (and playing it loud), and animals (from unicorns to dragon to fish and birds). They also love their family and friends. From making costumes to saving a park, Riley is always ready to help! Riley is nonbinary and loves that too, proving that you don't have to identify as a boy or girl. You can just be yourself and be happy! Riley shows that being true to yourself is the most important thing you can do.
