Long before Amelia Earhart became a superstar, she was a girl who longed to touch the stars. But the dresses women had to wear at the time made those dreams seem almost impossible. Amelia didn't let that stop her. As a young aviator breaking records and expectations, she learned to fly her plane with flair. Later, she dared to create a trend setting fashion line for active women like herself. *Soaring in Style* tells the groundbreaking story of how Amelia Earhart defied expectations in the air and on the ground to become America's first celebrity fashion designer.
