WORLD'S GREATEST CITIES

GENRE	GEOGRAPHY: CITIES OF THE WORLD
AGE RANGE	MIDDLE TO UPPER PRIMARY
IMPRINT	REDBACK PUBLISHING
ARRP	\$29.99
FORMAT	HARDBACK, 32 PAGES, 276x223mm

The world's great cities are more than just interesting places to visit. They are also centres of business, government and culture. While all big cities face similar challenges in providing services for their inhabitants, it is each city's unique features that we want to explore if we are ever lucky enough to travel there.

What could you live without? You could live without chocolate or TV, right? Those things are easy to lose. But what about a world without any sunlight or rain falling from the skies? Could you live in a world where plants or animals had disappeared? How about a world where you couldn't even go to the toilet? Discover what it would be like to live in a world without the most important parts of life.

3...2...1...blast off! Visit an amazing spinning space hotel. Drive a rover around on a Moon base. Soar over Earth as a space tourist. These activities aren't just the stuff of science fiction. They're actually being planned! Created in close collaboration with the Smithsonian Institution, this book gives young readers an inspiring look at how scientists have learned from past achievements to plan for the future of space travel. Then they'll find out what our future might hold, from new space robots to crewed missions to the Moon and Mars. Exciting infographics, riveting sidebars, and informative illustrations will give curious young minds a new view of the next frontier!

- bite-size facts
- high interest subject

This brilliant book brings together 30 of the deadliest predators to have ever lived on Earth. With fantastically detailed, true-to-life illustrations showcasing terrifying teeth and claws, fierce fangs and deadly venom, Extreme Predators is packed with incredible hunters; the most dangerous ever known. From prehistoric predators that roamed in the Age of the Dinosaurs to creatures that inhabit Earth today, stalking prey in jungle, sky and sea, we count down to find out who should be crowned the deadliest of all. With super statistics on strength and speed, and fascinating bite-size facts about hunting strategies and prey, kids will find themselves entertained for hours.

Joy and Chip wake early for a full day of play. Inside, outside. Riding bikes, reading books. Taking turns, sharing treats. And no day is complete without creating an adventure with their imaginations. Chip is blind. Joy has sight. Their day is filled with so much more than play. They see the world together.

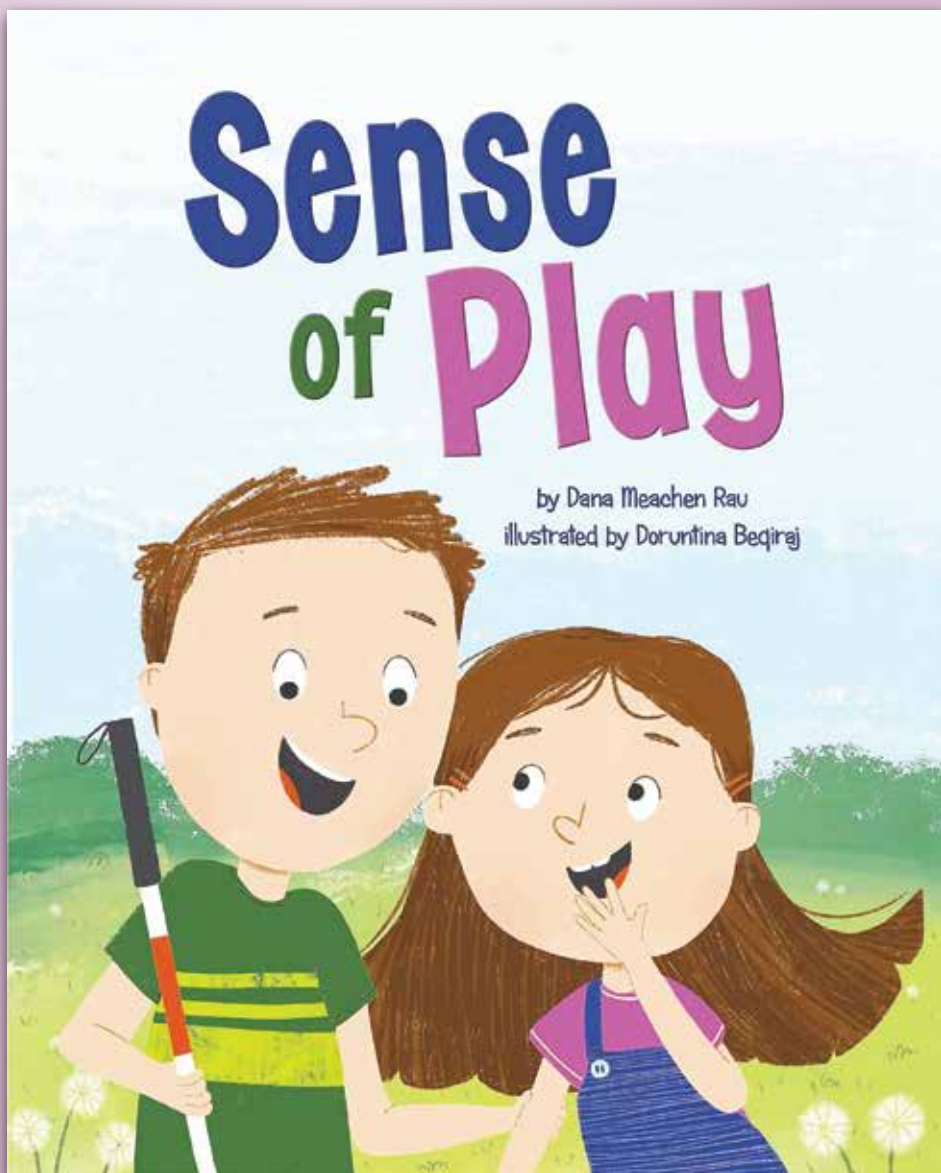

Dana Meachen Rau describes a simple joyful day between siblings, celebrating the senses beyond sight - the sounds smells tastes and textures that make playing together so much fun.
