- What happens when home is no longer a safe place to be
- How and why did citizens of Syria become forced to move from their homes and where have they gone
- What happens when people's homes are destroyed in hurricanes and other natural disasters
- How is the movement of people controlled in these situations
- How does this affect people's lives

Have you ever wondered how the movement of people has shaped the world around you? People have always moved around the world whether to build a new home or flee from a natural disaster. Without the movement of people the world would be a very different place.

These books explore the movement of people during war and conflict and looks at how this has shaped the world.
